Parent's or Legal Guardian's Consent to use a Minor's Images, Name, Artwork, and Information related to their Accomplishment or Event on our Website.

RE: Patient's Name _____ Patient's DOB: _____

WE LOVE HIGHLIGHTING OUR PATIENT'S EXTRAORDINARY ACCOMPLISHMENTS, but because we care deeply for the children of our practice and their privacy, we want to be careful that each child's parent(s) or legal guardian(s) sign a consent form and understand how their child's information or images may be used. Images or information highlighting some of our patient's extraordinary accomplishments are sometimes put on our website to share with others. NOTE: We do not publish last names or addresses unless specifically requested and no personal health information is ever published on our website.

Photography

Please sign the photography section to provide The World of Pediatrics with consent for photo/ image usage.

Your authorization to use photo(s) / image(s), reprint newspaper clippings, or magazine articles with pictures of your child for use on our website is requested. Your child's full name will not appear on The World of Pediatrics website, unless they are part of a newspaper or magazine article that we are reprinting. Often we omit their last names or use initials only. **Each child who is featured on our Website must have their parent's or legal guardian's full consent to use their full name in anything that is published.*
